

## Join KID's Board of Directors

Are you interested in helping fundamentally change how product safety works? Are you ready to make an impact that saves lives and supports families? There's no better way to dedicate your time and resources than by serving on the Kids In Danger (KID) Board of Directors.

### The Opportunity

KID is currently recruiting new board members to oversee our small but mighty organization and work toward our mission of saving children's lives. Our ultimate goal is to ensure only safe products are brought to market; until then, we want consumers to have easy access to information on the safety of the products they buy and use. We are looking for proven leaders in the technology and medical fields in particular who want to contribute their talents, knowledge, and resources to the cause of keeping children safe.

### The Role

- Board members set organizational policy, oversee administration by staff, monitor activities and policy alignment, and evaluate the organization's performance.
- The Board develops a broad base of support for KID by promoting the organization in the community and nationally and by encouraging the participation of others.
- To maintain fiscal accountability, the Board authorizes annual budgets and generates revenue to meet authorized expenditures.
- Each Board member works to further KID's mission by contributing their specific skills and talents in different areas including technology, marketing, fundraising, or subject matter expertise.

### The Ask

- Actively participate in one or more Board committees: Advocacy, Big Data and Tech, Design Safety, and Public Education and Outreach.
- Attend five bi-monthly Board meetings a year.
- Actively participate in fundraising events held by KID and work to help meet annual fundraising goals.
- Make a gift to KID that is personally significant.
- Consistently promote KID and our activities to your networks.
- Volunteer additional time as needed to advance KID's mission and goals.
- Commit to a three-year term with the option of serving for a total of three, three-year terms.

### The Benefits

- **Cause:** Saving lives by enhancing transparency and accountability through safer product development, better education, and stronger advocacy for children and families.
- **Community:** An opportunity to meet and work with other passionate individuals to advance our mission.
- **Philanthropy:** Feed your need to effectively make a positive impact on the world.
- **Career:** Apply your skills and develop new ones in a leadership setting.
